Dear Ms. Foster,

The amendment application for our license (NRC 21-00741-08, Mail Control No: 581015) used for teaching and research purposes at Wayne State University, Detroit, MI 48202 submitted in June 2013 needed a change with the maximum activity of F-18 which is mentioned as below.

I request the F-18 maximum activity limit to 400 mCi and C-11 to 300 mCi.

Any questions feel free to contact me at (313)577-1200 or at msriniva@wayne.edu.

Thank you,

Sincerely,
