Roger,

As mentioned in the telephone conference call yesterday, the staff has a follow-up RAI regarding your previous response to the RAI on cathodic protection. Attached is the draft RAI. Please review and let me know if Entergy needs to have a phone call for clarification. As a reminder, Bill Holston and I will be out of the office next week on travel, so if a call is needed, we can try to have one this week, or it will have to wait until the week of August 26.
