

<b>U.S. NUCLEAR REGULATORY COMMISSION</b>  <b>TELEPHONE CONVERSATION RECORD</b>		<b>Date:</b> 8/8/2013			
<b>Mail Control or Report No(s).</b>	581429	<b>License No(s).</b> 09-30973-01			
		<b>Docket No(s).</b> 03036719			
<b>Name of Licensee:</b> Lockheed Martin Corporation  <b>Name of Participant(s):</b> Margaret Doudy, Assistant General Council Dennis Lawyer, RI, DNMS  <b>Telephone No.</b> 407-356-2415  <b>Subject:</b> RAI, Understanding of Application <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>					
I questioned the activity requested on the license. The SS&D has 6 microcuries per source for the model being used and thus the request was raised to 6 microcuries per source, 1.2 millicuries per site, and 4.8 millicuries total. Ms. Doudy told me that the 4 locations being added were under federal jurisdiction. I asked if page 17 of 19 phone number were personal or business. Ms. Doudy said they were all business phone numbers even the cell numbers. I asked about the training program as it is different than previously submitted. Ms. Doudy said that the training program submitted is for the entire license and not just for the 4 locations and should be used from this point on. The security section 3.1 did not state what they do for security of the "next higher assembly" so I asked Ms. Doudy to send me a signed statement for the security requirements of the "next higher assembly".					
<b>Action Required: Ms. Doudy will send me a signed statement for the security requirements.</b>
