Mirabelle - I am preparing a box for overnight delivery containing Cameco's responses to NRC ER RAIs and associated page changes. The page changes include two copies of redline-strikeout text, two copies of tables, two copies of revised figures and two copies of revised appendices. Please note the appendices labeled "NRC Staff" do not include Appendix J. Appendix J is lab data and very large. I was hoping that NRC could have Appendix J entered into ADAMs and access it from there, given the 1000+ page length.

Thanks. Please call if you have questions.
