**Sent:** Tuesday, August 06, 2013 8:08 AM  
**To:** Foster, Rocky  
**Subject:** RE: Audit

Rocky,

Yes, the requested information is in the extended SBO analysis.

Leslie's number is: 301-881-7040

**Sent:** Tuesday, August 06, 2013 7:00 AM  
**To:** Richard Scheide  
**Cc:** Li, Chang  
**Subject:** FW: Audit

Dick,

See Chang's question below. Is this information contained in the documents you sent to the reading room? If so, in what package?

Thanks,

Rocky

**Subject:** RE: Audit

Rocky:

Let's have some clarification. I am interesting in the results of load shedding. What are the equipment subject to the power supply resulting from the load shedding? Will the information be there? Thanks.

**Subject:** RE: Audit

Rocky,

Last Thursday I mailed the SBO analysis, the entire battery sizing calculation, and the Spent Fuel Pool heatup/inventory loss calc to Twinbrook. They will be there no later than today. I will let you know when I get confirmation.

By the way, your contact there is Leslie Collins again. I guess Amber resigned.

**Subject:** RE: Audit

Dick,

Let me verify with staff but I'm targeting 9:00am EST on 8/21/2013 for the meetings with STP staff and NRC staff to go over the documents face to face. However, our previous discussions were about myself and a BOP NRC staff member to try and initially go over as many Fukushima related audit documents as possible this Wednesday 8/7/2013 to allow the NRC staff member to obtain an initial review of the documents so that he can inform the other staff members for the 8/21/2013 meeting. He will be out on annual leave on 8/21/2013 and I want to give him a chance to have any questions he might have conveyed to STP personnel.

Thanks,

Rocky

**Subject:** Audit

Rocky,

I will be mailing hard copies of the SBO analysis the battery sizing calc, and the SFP heatup and inventory loss eval to Westinghouse on Thursday.

What time on 8/21 do you expect your reviewers will arrive at the reading room?

Dick
