solicited the Commissions participation in the Rowe decommissioning plan approval process. CAN is concerned that there may be conflict of interest issues that exist in this situation. A YAEC paid employee, Stanley Gall, is a member of the Franklin County Council of Government and the conflict of interest expressed in the letter sent by Mr. Brad C. Councilman to the NRC Commissioners by different sections of the Franklin Council County of Government may represent this conflict. Mr. Councilman was chosen by NRC and YAEC to facilitate the License Termination Plan Meeting held in Buckland, MA on January 13, 1998. Mr. Councilman appeared to take a partisan position at the meeting by arbitrarily cutting off audience questioning of the NRC and the licensee. There were members of the public who left the meeting in frustration when Mr. Councilman cut off questioning and public participation. Members of the public volunteered to give up their time to speak to allow for further questions from the audience. Mr. Councilman refused to allow this and ended the meeting early. Therefore, CAN believes that Mr. Councilman's letter to the NRC Commissioners should not influence the Panel's decision on standing for the FRPB.

Respectfully Submitted,
