Subject: Docket No. 50-482: Revised Response to NRC Regulatory Issue Summary (RIS) 2013-06, "Preparation and Scheduling of Operator Licensing Examinations"

Gentlemen:

The reference submitted Wolf Creek Nuclear Operating Corporation's (WCNOC) initial response to Regulatory Issue Summary (RIS) 2013-06, "Preparation and Scheduling of Operator Licensing Examinations," which requested that licensees voluntarily submit information to aid in the preparation and scheduling of operator licensing examinations. In response to RIS 2013-06, WCNOC provided an estimate of the number of generic fundamentals examinations for years 2015 and 2016, as well as the number of license examinations for years 2015 through 2018. Enclosed with this letter is a revised NRC Form 536 that changes the proposed dates for initial operator license examinations in calendar year 2015. No other data submitted in the reference have changed.

This letter contains no commitments. If you have any questions concerning this matter, please contact me at (620) 364-4156, or Mr. Michael J. Westman at (620) 364-4009.

Sincerely,
