*RE: Bridgeport Hospital Response to NRC Request for Additional Information
Dated August 7, 2013.*

Gentlemen & Women of the NRC:

In response, to your request for additional information, dated August 7, 2013, Bridgeport Hospital (BH) has prepared the following answers to each of your questions.

1. Dr. Terence W. Hughes has been the Interventional Radiologist directly involved with all 18 administrations of Y-90 SirSpheres conducted at BH since April 2011. Dr. Hughes has been directly involved with the pretreatment evaluation of each patient for the appropriate administered dose and has performed follow up review of all patient case histories. Current BH Y-90 SirSpheres Authorized Users, Dr. Kenneth Zinn has confirmed this, in addition to the preceptor statement signed by Dr. Scott Williams, sent in with the original amendment request letter dated May 30, 2013.
2. Dr. Hughes has been directly involved in hands-on operation of the delivery system and use of safety procedures since the beginning of the Y-90 SirSpheres program at BH. In addition, he was present at the vendor provided training and preceptor sessions during the initiation of the program at BH, in 2011.

267 Grant Street
P.O. Box 5000
Bridgeport, CT 06610-0120
