Subject: Petition for Rulemaking

Dear Mr. Morris:

This e-mail is in reference to the emails you have sent the U.S. Nuclear Regulatory Commission (NRC) between Saturday, August 17, 2013, and today, Monday, August 26, 2013, in response to R.W. Borchardt's letter to you (dated 8/9/13) regarding your petition for rulemaking (PRM) dated March 14, 2013 ("Petition for Nuclear Power Plants 3-14-13" and "Windows Updates").

The NRC staff is currently evaluating your petition and the following substantive supplemental correspondence:

- 1) One email, "Protecting Critical Infrastructure Facilities" dated 8/17/13
- 2) Three emails dated 8/21/13:
 - "Proposed resolution" sent at 10:46 am, containing
 - a 3-page attachment dated 8/21" NRC (Cindy Bladey) 8-21-13";
 - "Symantec W32 Stuxnet Dossier" sent at 1:43 pm; and
 - "Far simpler plan" sent at 6:43 pm.
- 3) One email, "Digital Bond's comments" dated 8/23/2013.

The staff is reviewing this information to determine if your submittal(s) meet the NRC's requirements in § 2.802 of Title 10 of the *Code of Federal Regulations*, "Petition for Rulemaking," for docketing of a petition for rulemaking. You will be notified once the NRC's staff has completed its docketing evaluation.

You may direct any questions you may have concerning the petition process or the status of your petition to me at 301-287-0949 (new telephone number) or toll-free at 1-800-368-5642 (e-mail: Cindy.Bladey@nrc.gov) or to Leslie Terry at 301-287-0993 (new telephone number) (e-mail: Leslie.Terry@nrc.gov).

Regards,

Cindy Bladey
