NOTICE OF VIOLATION

Dear Ms. Welsh:

This letter refers to your August 19, 2013, correspondence, in response to our July 22, 2013, letter. Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

We understand that you may be interested in meeting with the NRC to discuss the NRC requirements for the decommissioning of the Middleton and East Hartford sites, prior to termination of the license. Staff members are always available to discuss questions and may be contacted by telephone, email or letter. If you wish to meet with the NRC staff to discuss planning for your license termination, that can be arranged. Such meetings are typically open to the public, and require sufficient time for notification of the public prior to the meeting. You may contact Betsy Ullrich of my staff at (610) 337-5040 for assistance with questions, or to arrange a meeting.

Your cooperation with us is appreciated.

Sincerely,
