Dear Mr. DeLaBarre:

Enclosed is an application (XSNM3716/01), dated August 23, 2013, received by the U.S. Nuclear Regulatory Commission (NRC), from Mitsui & Co. (U.S.A.), Inc., requesting an amendment to its existing license, XSNM3716.

The purpose of the amendment is to extend the expiration date from September 30, 2013 to September 30, 2018.

Since there are no changes to the terms and conditions of the existing license being requested, our office is processing this as minor amendment. Therefore, the NRC intends to issue the license after the required 30-day review period.

Sincerely,

A handwritten signature in black ink, appearing to read "Charlotte E. Abrams for".
