Dear Mr. DeLaBarre:

Enclosed is an application (XSNM3696/01), dated August 28, 2013, received by the U.S. Nuclear Regulatory Commission (NRC), from Mitsui & Co. (U.S.A.), Inc., requesting an amendment to its existing license, XSNM3696.

The purpose of the amendment is to extend the expiration date from December 31, 2013 to December 31, 2018.

Since there are no changes to the terms and conditions of the existing license being requested, our office is processing this as minor amendment. Therefore, the NRC intends to issue the license after the required 30-day review period.

Sincerely,

A handwritten signature in black ink, appearing to read "Charlotte E. Abrams".
