

**Enclosure 1**

**MFN 13-050**

**Transmittal of ESBWR DCD Tier 1 Markups  
Related to GEH Corrective Action**

**Description of Changes**

**Table – ESBWR DCD Tier 1 Changes for Revision 10**

Item	Location	Description
1	S1.1.1	Added new definition, for “ASME Code”. This change is per ESBWR DCWG Meeting of 6/20/2013.
2	S2.1.2, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
3	T2.1.2-3, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
4	T2.1.2-3, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
5	S2.2.2, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
6	T2.2.2-7, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
7	T2.2.2-7, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
8	S2.2.4, Design Description (10)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
9	T2.2.4-6, ITAAC 10a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
10	T2.2.4-6, ITAAC 10a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
11	S2.4.1, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.

Item	Location	Description
12	T2.4.1-3, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
13	T2.4.1-3, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
14	S2.4.2, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
15	T2.4.2-3, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
16	T2.4.2-3, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
17	S2.6.1, Design Description (8)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
18	T2.6.1-2, ITAAC 8a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
19	T2.6.1-2, ITAAC 8a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
20	S2.6.2, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
21	T2.6.2-2, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
22	T2.6.2-2, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
23	S2.11.1, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.

Item	Location	Description
24	T2.11.1-1, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
25	T2.11.1-1, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
26	T2.13.4-2 ITAAC #4	Corrected typo of Table 2.13.4-2 ITAAC #4 in the Design Commitment and Acceptance Criteria columns to reference to Table 2.13.4-1 instead of to Table 2.13.4-2 (referenced to itself).
27	S2.15.1, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
28	T2.15.1-2, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
29	T2.15.1-2, ITAAC 2b1, Acceptance Criteria	<p>Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.</p> <p>Also reworded last sentence of Acceptance Criteria to read, "The report documents the results of the reconciliation analysis," for consistency with Acceptance Criteria in similar ITAAC.</p>
30	S2.15.4, Design Description (2)a1	Deleted to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
31	T2.15.4-2, ITAAC 2a1	Deleted ITAAC to remove requirement for NRC review of interim ASME Code Design Reports at numerous GEH suppliers. This change is per ESBWR DCWG Meeting of 6/20/2013.
32	T2.15.4-2, ITAAC 2a2, Acceptance Criteria	Reworded Acceptance Criteria to clarify final ASME Code Design Report will address compliance of as-built component design to the requirements of ASME Code Section III. This change is per ESBWR DCWG Meeting of 6/20/2013.
