(NOTE: This will be used as the Documents Title in ADAMS)

In a letter dated June 21, 2013, Georgetown stated that they were planning on making changes to the PET area of use. In their 2011 renewal, they provided a detailed plan of the area with associated shielding calculations. I contacted C. McDowell to discuss how the changes to the department would affect the shielding. Ms. McDowell stated that they had prepared a detailed shielding evaluation prior to beginning the remodeling process. She will send the evaluation for our review.
