(NOTE: This will be used as the
Documents Title in ADAMS)

In a letter dated August 7, 2013, the licensee submitted a letter stating that they intend to renew their license and a complete application would be submitted prior to August 31. I contacted Mr. Ornot to determine the status of the complete renewal application. He stated that he had spoken to someone in the region 1 office about a week ago and informed them that he would be delayed by 30 days in submitting the additional information because he is out of the office. He was informed that since he was in timely renewal, the delay in information would be acceptable. I informed him that he could use NUREG 1556, Vol 7 to help with submitting the information needed.
