Alisha

We are going to be removing the following items from the electronic Reading room to make room for several other calculations for NRC review. If someone does need to see one of the listed items, we should be able to load it back into the room quickly.

Also, I have attached the current access list and request you review for anyone that can be removed. If they need to be re-instated we should also be able to accomplish that rather quickly.

The following items will be removed:

All references from the ER sections 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, & 2.7.

Please call with any questions.

Thanks
