Subject: Ra-223 License Amendment

Ms. Frazier,

As you requested during our phone conversation today, below is the proposed "9. Authorized use:" for item "6. E. Radium-223 Chloride" on my recently submitted NRC license amendment request.

E. Preparation and distribution of radioactive drugs to authorized recipients in accordance with 10 CFR 32.72.

Please let me know if you have questions or need additional information.

Thanks very much for your help,
