Dan,

Good. But since we have not received the letter, I wonder if Rich D. was right about NMFS having sent it.

Dennis,

FYI...I talked to Lloyd Subin about the letter we are expecting to get from NMFS about the Columbia consultation. I mentioned to him that we may want to have him call their OGC and he said he would be okay with that. We will wait until we get their letter and decide where to go from there.

Dan
