We talked about it and came up with this –

The staff provided a response to NMFS in a letter dated December 20, 2011 (ML11335A127) provided in Appendix D. Additional information related to this issue is also found in Sections 2.2.7 and 4.7 of this report and in the Biological Assessment/Essential Fish Habitat assessment given in Appendix D.

Subject: Columbia - need response to NMFS comment (ML11307A393)

Becky and Dennis,

I need a draft response to the NMFS comment letter (ML11307A393) for Appendix A. I don't think it needs to be a long answer. We can just point to the sections of the SEIS that address this consultation and also point to our response letter to them (ML11335A127). Please let me know what you think we should say.

Thanks,
Dan
