CPT Costeira returned my call and informed me that he had discussed the information I had requested regarding the training with the proposed authorized user. They both agreed that he be authorized for 10 CFR 35.100 and 35.200 at this time. They will submit a request to authorize him for 35.300 at a later date.

Training for supervising individual on NRC Form 313A. I inquired about the permit listing Sidney R. Hinds II, M.D. as an AU for uses as indicated on the form. COL Fota (RSO on the broad scope license listed for supervising individual) confirmed that Dr. Hinds was an AU and was listed on the license until recently when he retired. He agreed to provide a copy of the permit before the end of the week.

The amendment request letter was signed by a management representative (Colonel Mark L. Higdon, Commander) other than that in previous NRC correspondence. I asked CPT Costeira if there have been any changes in management and if the contact person for the license needs to be updated. He confirmed that there has been a change and that COL Higdon is the new Hospital Commander and should be updated.

Telephone number listed for the supervising AU. CPT Costeira confirmed that the telephone number listed in the NRC Form 313A for Sidney R. Hinds II, M.D. is personal and should not be made publicly available.
