Subject: RE: Columbia and EPA letter

We did, but it was sent to me direct and not through the Chef Rules and directive branch.

I have it on my desk. I can get you a copy this afternoon when I get to the office after the PDC, unless it's urgent, then I'm sure Elaine won't mind going through my mini pile on my desk to grab the big yellow envelope (She's done this before :D).

Either way is fine by me.

Thanks
Paula

Paula,

Did we ever receive the EPA letter on Columbia "officially?" If so, can you please get me a copy.

Thanks
Dave
