Dan:

We did receive your letter, have looked it over, and are scheduling a meeting this week with our office of General Council on how we might proceed given the limitations you have described and the treatment of like limitations by the Endangered Species Act and implementing regulations. We'll let you know as soon as we've reached consensus on our advise on how you might proceed.

Rich and Ritchie,

I just wanted to follow up with you both to ensure that you received our letter (dated 12/20/11) sent in response to your letter (dated 10/24/11) regarding the renewal of the Columbia Generating Station operating license. Please let me know if you did not receive the letters or if you would like to set up a telephone call to discuss this issue.

NMFS letter (dated 10/24/11):
