From the information provided in the above referenced letter it is my understanding that J. U. B. King & Associates, Inc., is assuming full responsibility of the license including any previous outstanding issues related to the activities conducted under the above license by Kraus-Manning, Inc. Please let this office know immediately, in writing, if my understanding is in error. In addition to the information provided in your letter, I also received information via e-mail dated July 10, 2013, from Kraus-Manning, Inc., that the two gauges possessed by Kraus-Manning, Inc., had been transferred to Virgin Islands Paving, Inc., and the recipient confirmed via e-mail dated July 11, 2013, the receipt of the two gauges from Kraus-Manning, Inc.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Thank you for your cooperation.

Sincerely,
