

NRC FORM 591M PART 1

U.S. NUCLEAR REGULATORY COMMISSION

(A-2011)
10 CFR 2.201

SAFETY INSPECTION REPORT AND COMPLIANCE INSPECTION

1. LICENSEE/LOCATION INSPECTED: Jefferson Asphalt Products Co., Inc. PO Box 131 Charles Town, WV 25414 REPORT NUMBER 2013001		2. NRC/REGIONAL OFFICE U.S. Nuclear Regulatory Commission Region I, 2100 Renaissance Blvd, Suite 100 King of Prussia, Pennsylvania 19406-2713	
3. DOCKET NUMBER 030-30652	4. LICENSE NUMBER 47-25006-01	5. DATE OF INSPECTION 8/2/13 - 9/23/13	

LICENSEE:

The inspection was an examination of the activities conducted under your license as they relate to radiation safety and to compliance with the Nuclear Regulatory Commission (NRC) rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are as follows:

- ☐ 1. Based on the inspection findings, no violations were identified.
- ☐ 2. Previous violation(s) closed.
- ☐ 3. The violation(s), specifically described to you by the inspector as non-cited violations, are not being cited because they were self-identified, non-repetitive, and corrective action was or is being taken, and the remaining criteria in the NRC Enforcement Policy, to exercise discretion, were satisfied.

Non-cited violation(s) were discussed involving the following requirement(s) and corrective action(s):

- ☒ 4. During this inspection, certain of your activities, as described below and/or attached, were in violation of NRC requirements and are being cited in accordance with the NRC Enforcement Policy. This form is a NOTICE OF VIOLATION, which may be subject to posting in accordance with 10 CFR 19.11. (Violations and Corrective Actions)

10 CFR 20.1101(c) requires the licensee to periodically (at least annually) review the radiation protection program content and implementation.

10 CFR 20.2102 requires licensees to maintain records of the radiation protection program including audits and other reviews of the program, and to maintain records of these reviews for three years, or until license termination.

Contrary to the above, the licensee did not document and maintain a record of annual reviews of the radiation protection program content and implementation. Specifically, the licensee did not document and maintain a record of a radiation protection program reviews for the years 2009, 2010, 2011, and 2012.

This is a Severity Level IV violation (Section 6.3)

The licensee initiated corrective action that included performing the annual audit on August 2, 2013, and committing to conducting future audits annually. The corrective action will be evaluated during a future inspection of the licensee's program.

Statement of Corrective Actions

I hereby state that, within 30 days, the actions described by me to the inspector will be taken to correct the violations identified. This statement of corrective actions is made in accordance with the requirements of 10 CFR 2.201 (corrective steps already taken, corrective steps which will be taken, date when full compliance will be achieved). I understand that no further written response to NRC will be required, unless specifically requested.
