Subject: Re: Termination of Nuclear Materials License No. 11-27751-01
Attachments: NRC314.pdf

License No.: 11-27751-01
Docket No.: 030-36243
Control No.: 580462

Dear Mr. Hill:

As discussed with my Branch Chief today October 7, 2013, you are requesting to terminate your license. It is imperative that you complete and fax or scan/e-mail the completed form 314 back to me as soon as possible **to avoid incurring additional annual fees** for your license.

Please complete the form and return to me TODAY.

Additionally, you will need to submit the latest leak test for your portable gauge(s) and the transfer documentation that Qal-Tek has received and you have transferred the gauge. If you do not have the additional information at this time, please send it as soon as practical. However, I need the attached form TODAY.

Thank you so much for your prompt attention and please don't hesitate to contact me with any questions.

Best Regards,

*Michelle M. Hammond, M.Sc.
Health Physicist
Region IV-Division of Nuclear Materials Safety, Branch B
