Rockville, MD 20852

SUBJECT:

Beaver Valley Power Station, Unit Nos. 1 and 2
Docket No. 50-334, License No. DPR-66
Docket No. 50-412, License No. NPF-73
Updated Submittal of FENOC Response to NRC Request for Information Pursuant to
10 CFR 50.54(f) Regarding the Seismic Aspects of Recommendation 2.3 of the Near-
Term Task Force Review of Insights from the Fukushima Dai-ichi Accident
(TAC Nos. MF0092 and MF0093)

On March 12, 2012, the Nuclear Regulatory Commission (NRC) issued a letter titled, "Request for Information Pursuant to Title 10 of the *Code of Federal Regulations* 50.54(f) Regarding Recommendations 2.1, 2.3, and 9.3 of the Near-Term Task Force Review of Insights from the Fukushima Dai-ichi Accident," to all power reactor licensees and holders of construction permits in active or deferred status. Enclosure 3 of the 10 CFR 50.54(f) letter contains specific Requested Actions, Requested Information, and Required Responses associated with Recommendation 2.3 for Seismic Walkdowns. By letter dated November 27, 2012 (Agencywide Documents Access and Management System (ADAMS) Package Accession No. ML130080030), FirstEnergy Nuclear Operating Company (FENOC) submitted the 180-day response to the 10 CFR 50.54(f) letter. The required seismic walkdown reports were provided as Enclosures A, B, C, and D for Beaver Valley Power Station, Unit No. 1 (BVPS-1); Beaver Valley Power Station, Unit No. 2 (BVPS-2); Davis-Besse Nuclear Power Station (DBNPS); and Perry Nuclear Power Plant (PNPP), respectively.

In July 2013, the NRC staff conducted an audit of the Beaver Valley Power Station, Unit Nos. 1 and 2, seismic walkdown reports. Proposed changes to the seismic walkdown reports were discussed in an audit follow-up telephone call held on September 4, 2013 between NRC staff and FENOC. As discussed during this call, the seismic walkdown reports were changed to address the items resulting from the NRC audit and the items resulting from an internal FENOC assessment.

The updated seismic walkdown reports are provided in electronic format on the enclosed CD-ROM. As requested by NRC guidance for electronic submissions, the attachment provides a listing of document components that make up the enclosed CD-ROM.

No new regulatory commitments are made in this letter. If there are any questions or if additional information is required, please contact Mr. Thomas A. Lentz, Manager – Fleet Licensing, at 330-315-6810.

I declare under penalty of perjury that the foregoing is true and correct. Executed on September 24, 2013.

Sincerely,

Eric A. Larson
