Docket Number 70-7004; License Number SNM-2011  
Request for Foreign Ownership, Control, or Influence Determination in Support of the  
American Centrifuge Project – USEC Proprietary Information**

**INFORMATION TRANSMITTED HERewith IS PROTECTED FROM PUBLIC  
DISCLOSURE AS CONFIDENTIAL COMMERCIAL OR FINANCIAL INFORMATION  
AND/OR TRADE SECRETS PURSUANT TO 10 CFR 2.390**

Dear Ms. Holahan:

USEC Inc. (USEC) hereby submits to the U.S. Nuclear Regulatory Commission (NRC) information for a Foreign Ownership, Control or Influence (FOCI) Determination for CRM Land Surveying, LTD.

Enclosure 1 contains the following information needed to request a FOCI determination and grant a facility clearance for CRM Land Surveying, LTD which will assist Engineering, Procurement, and Construction with projects for the American Centrifuge Project:

1. FOCI Justification Form
2. Contract Security Classification Specification
3. Non-Possessing Security Plan
4. FOCI Data Sheet and applicable attachments

Enclosure 1 contains USEC Proprietary Information; therefore, USEC requests that this enclosure be withheld from public disclosure pursuant to 10 *Code of Federal Regulations* 2.390(a)(4). An affidavit required by 10 CFR 2.390(b)(1)(ii) is provided in Enclosure 2 of this letter.

**Document transmitted herewith contains  
~~USEC Proprietary Information~~  
When separated from Enclosure 1, this cover letter is uncontrolled.**

**AFFIDAVIT OF CHARLES R. MILLER  
SUPPORTING APPLICATION TO WITHHOLD FROM  
PUBLIC DISCLOSURE CERTAIN INFORMATION CONTAINED  
IN ENCLOSURE 1 OF USEC LETTER ACO 13-0047**

I, Charles R. Miller of CRM Land Surveying, LTD having been duly sworn, do hereby affirm and state:

1. I have been authorized by CRM Land Surveying, LTD to review the information owned by CRM Land Surveying, LTD and is referenced herein providing the necessary information needed to request a Foreign Ownership, Control or Influence (FOCI) Determination for Magnum Venus CRM Land Surveying, LTD in support of the American Centrifuge Project, which CRM Land Surveying, LTD seeks to have withheld from public disclosure pursuant to section 147 of the *Atomic Energy Act* (AEA), as amended, 42 U.S.C § 2167, and 10 CFR 2.390(a)(4), and 9.17(a)(4), apply for the withholding of such information from public disclosure by the U.S. Nuclear Regulatory Commission (NRC) on behalf of CRM Land Surveying, LTD.
2. Consistent with the provisions of 10 CFR 2.390(b)(4) of the Commission's regulations, the following is furnished for consideration by the Commission in determining whether the information sought to be withheld from public disclosure should be withheld.
  - i. The information sought to be withheld from public disclosure is owned and has been held in confidence by CRM Land Surveying, LTD.
  - ii. The information is of a type customarily held in confidence by CRM Land Surveying, LTD and not customarily disclosed to the public. CRM Land

Surveying, LTD has a rational basis for determining the types of information customarily held in confidence by it and, in that connection, utilizes a system to determine when and whether to hold certain types of information in confidence. The application of that system and the substance of that system constitute CRM Land Surveying, LTD policy and provide the rational basis required. Under that system, information is held in confidence if it falls in one or more of several types, the release of which might result in the loss of an existing or potential competitive advantage, as follows:

- a) The information reveals the distinguishing aspects of a process (or component, structure, tool, method, etc.) where presentation of its use by any of CRM Land Surveying, LTD or USEC Inc.'s competitors without license from CRM Land Surveying, LTD constitutes a competitive economic advantage over other companies.
- b) It consists of supporting data, including test data, relative to a process (or component, structure, tool, method, etc.), the application of which data secures a competitive economic advantage (e.g., by optimization or improved marketability).
- c) Its use by a competitor would reduce their expenditure of resources or improve their competitive position in the design, manufacture, shipment, installation, assurance of quality, or licensing a similar product.
- d) It reveals cost or price information, production capacities, budget levels, or commercial strategies of CRM Land Surveying, LTD, its customers, or suppliers.
- e) It reveals aspects of past, present, or future CRM Land Surveying, LTD or

customer funded development plans and programs of potential commercial value to CRM Land Surveying, LTD.

- f) It contains patentable ideas, for which patent protection may be desirable.
  - g) It reveals information concerning the terms and conditions, work performed, administration, performance under or extension of contracts with its customers or suppliers.
- iii. There are sound policy reasons behind the CRM Land Surveying, LTD system which includes the following:
- a) The use of such information by CRM Land Surveying, LTD gives CRM Land Surveying, LTD a competitive advantage over its competitors. It is, therefore, withheld from disclosure to protect the CRM Land Surveying, LTD competitive position.
  - b) It is information, which is marketable in many ways. The extent to which such information is available to competitors diminishes CRM Land Surveying, LTD's ability to sell products and services involving the use of the information.
  - c) Use by our competitors would put CRM Land Surveying, LTD at a competitive disadvantage by reducing their expenditure of resources at CRM Land Surveying, LTD expense.
  - d) Each component of proprietary information pertinent to a particular competitive advantage is potentially as valuable as the total competitive advantage. If competitors acquire components or proprietary information, any one component may be the key to the entire puzzle, thereby depriving CRM Land Surveying, LTD of a competitive advantage.

- e) Unrestricted disclosure would jeopardize the position of prominence of CRM Land Surveying, LTD in the world market, and thereby give a market advantage to the competition of those countries.
  - f) The CRM Land Surveying, LTD capacity to invest assets in research and development depends upon the success in obtaining and maintaining a competitive advantage.
  - iv. The information is being transmitted to the Commission in confidence and, under the provisions of 10 CFR Section 2.390, it is to be received in confidence by the Commission.
  - v. The information sought to be protected is not available in public sources or available information has not been previously employed in the same original manner or method to the best of our knowledge and belief.
3. The proprietary information sought to be withheld is contained in Enclosure 1 of USEC letter ACO 13-0047 and provides the necessary information needed to request a FOCI determination and grant a facility clearance for CRM Land Surveying, LTD. Specifically, Enclosure 1 contains the following:
- FOCI Justification Form,
  - Contract Security Classification Specification,
  - Non-Possessing Security Plan, and
  - FOCI Data Sheet and applicable attachments, which includes financial information for CRM Land Surveying, LTD.

CRM Land Surveying, LTD will assist Geiger Brothers Mechanical Contractors in support of the American Centrifuge Project. The information contained within this letter has not been previously disclosed and could potentially cause an increased risk to the security and/or protection of the shipments should this information be publicly available to adversaries.

Further the deponent sayeth not.

Charles R. Miller, having been duly sworn, hereby confirms that I am the Managing Member of CRM Land Surveying, LTD., that I am authorized on behalf of CRM Land Surveying, LTD. to review the information attached hereto and to sign and file with the U.S. Nuclear Regulatory Commission this affidavit and the attachments hereto, and that the statements made and matters set forth herein are true and correct to the best of my knowledge, information, and belief.

Charles R. Miller
