To whom it may concern,

Nabors Completion & Production Services, Co. (NCPS) requests an amendment to their current General License Acknowledgment (GLTS-A-725737).

NCPS requests to remove the GLA in its entirety for the facility located at 525 West Main Street, Kimball, WV 24853. NCPS will no longer operate out of this facility.

All licensed material that is stored and used at this facility will be relocated to the Jane Lew, WV facility located at 1650 Hackers Creek Road (GLTS-A-725739). All licensed material that was stored and used at this facility has a current leak test certificate. This facility possesses two Thermo Fisher model 5190 nuclear density gauges (SN# B6899 and B7048) which are listed on its registration; both have current leak tests which are attached to this letter.

NCPS requests any correspondence regarding this amendment be set to the contact at the below address. Thank you for your assistance in this matter. Please feel free to contact me if you need any additional information in regards to this amendment request.

Respectfully,

A handwritten signature in black ink, appearing to read "Dustin L. Jones", is written over a white background. The signature is fluid and cursive, with a long horizontal stroke at the end.
