Serial No.: 13-287E
NL&OS/MAE: R0
Docket Nos.: 50-305
72-64
License No.: DPR-43

DOMINION ENERGY KEWAUNEE, INC.
KEWAUNEE POWER STATION
REQUEST FOR EXEMPTIONS FROM PORTIONS OF 10 CFR 73.55
POWER REACTOR SECURITY REQUIREMENTS

In a February 25, 2013 letter (Serial No. 13-107), Dominion Energy Kewaunee, Inc. (DEK) certified to the NRC that it had decided to permanently cease power operations of KPS on May 7, 2013. On May 7, 2013 KPS was shut down. A certification of permanent removal of the fuel from the reactor vessel was submitted to the NRC on May 14, 2013 (Serial No. 13-293). Therefore, pursuant to 10 CFR 50.82(a)(2), the 10 CFR Part 50 license no longer authorizes operation of the reactor or emplacement or retention of fuel into the reactor vessel.

Pursuant to 10 CFR 73.5, DEK is requesting exemptions from portions of 10 CFR 73.55. The exemption requests are provided in Attachment 1 and the Environmental Considerations is provided in Attachment 2. Attachment 1 contains Safeguards Information as defined by 10 CFR 73.22 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. DEK requests approval of the proposed exemption requests by October 1, 2014.

If you have any questions, please contact Ms. Margaret Earle at (804) 273-2768.

Sincerely,

Paul A. Blasioli
Director Nuclear Protection Services
and Emergency Preparedness
for Dominion Energy Kewaunee, Inc.
