Dear John:

At the 2013 Organization of Agreement States (OAS) Annual Meeting, held in Reno, Nevada, Abby Cuthbertson, presented a talk on the DOE/NNSA's Global Threat Reduction Initiative Program (GTRI). As part of the presentation, it was requested that OAS and the NRC provide comments and/or assistance on certifying additional "experts" or service providers, in addition to the Original Equipment Manufacturers (OEM) or Manufacturing and Distribution (M&D) licensees to work on the OEM's devices. Please see my attached letter concerning this presentation. I'm also sending copies to OAS, CRCPD, HPS, & Abby. I'm sending you a copy because Abby specifically named you as a NRC contact that she is working with on this project.

Thanks you for your consideration of our position on this matter and please contact me if you have any questions or would like to discuss further. Hope is all with you.

Mary
