MESSAGE See accompanying documents.

NOTICE

This message is intended only for the use of the individual or entity to which it is addressed and may contain information that is privileged, confidential, or exempt from disclosure under applicable law. If the reader of this message is not the intended recipient or the employee responsible for delivering the message to the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you received this communication in error, please notify the sender immediately by telephone and return the original to the above address, by U.S. Mail. Thank You.

As we discussed by telephone on September 27, 2013, the following additional information is needed to complete the review your license renewal request.

1. Strontium-90 Eye Applicator

We understand that you currently have a strontium-90 eye applicator that you wish to add to your NRC license for storage only incident to disposal. Please provide the following information:

- a) The manufacturer name and model number of the strontium-90 eye applicator. For example, DuPont Pharmaceutical Company, Model EYE-1.
- b) The total activity for the strontium-90 eye applicator. For example, the total activity for the strontium-90 eye applicator is 100 millicuries.
- c) Please specify the location for storage area for the strontium-90 eye applicator and submit a facility diagram showing the storage area. For example, the strontium-90 eye applicator is stored in room 3 of the nuclear medicine department in a lockable cabinet as shown on the attached facility diagram.

2. The most current NUREG-1556 for guidance for medical use licenses is NUREG-1556, Volume 9, Revision 2. Please confirm that you will follow NUREG-1556, Volume 9, Revision 2 where it is referenced in your renewal application dated June 25, 2013.

Please send a facsimile (630- 515-1078) of your response to the above within 7 days and state, Response to Control 581127. Please include a cover letter on company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your response letter. Please call me at 630-829-9839 if you have any questions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this facsimile and the attached documents will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

From the desk of:

Bill Reichhold
