NOTICE

This message is intended only for the use of the individual or entity to which it is addressed and may contain information that is privileged, confidential, or exempt from disclosure under applicable law. If the reader of this message is not the intended recipient or the employee responsible for delivering the message to the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you received this communication in error, please notify the sender immediately by telephone and return the original to the above address, by U.S. Mail. Thank You.

The following additional information is needed to review your request to add Marc Hubbel as the new Radiation Safety Officer.

1. Please specify any "hands-on" experience Marc Hubbel has had with the Troxler 3400 Series moisture/ density gauges. For example, Mr. Hubbel has had 2 years "hands-on" experience with the Troxler 3400 Series moisture/density gauges that included density and moisture measurements, leak tests, routine cleaning, etc.
2. Since Mr. Trella (former Radiation Safety Officer) has already left the company (9/20/13), please resubmit your request with a cover letter on the company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your request. Please have the request signed by a company official other than Marc Hubbel.

Please send a facsimile (630- 515-1078) of your response to the above within 7 days and state, Response to Control 582151. Please include a cover letter on company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your response letter. Please call me at 630-829-9839 if you have any questions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this facsimile and the attached documents will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
