

October 23, 2013

This letter is to confirm that the following topics below** have been discussed to the proposed RSO, **Scott Adams, CNMT, BHS**, and the appropriate training has been completed as noted in Table S.2 which included with this letter.

**

- Routine vs. non-routine maintenance
- Operating and emergency procedures
- Prior events involving self-shielded irradiators
- Understanding of the IC laws

It should be noted that the proposed RSO, **Scott Adams, CNMT, BHS** was nominated by the radiation T&R Official for Floyd Memorial Hospital regarding possession of radioactive materials of concern and fully drafted all the IC-laws pertaining to the Order Imposing Increased Controls.

A handwritten signature in black ink, appearing to read "Will R Fortner", with a stylized flourish at the end.

William Fortner, M.D.
Radiation Safety Officer

APPENDIX S

Table S.2 Items 7 Through 11: Training and Experience, Facilities and Equipment, Radiation Safety Program, and Waste Management
