Enclosed is a copy of an addendum report to the Cultural Resources and the High Voltage Transmission Line from San Onofre to Santiago Substation and Black Star Canyon report dated March, 1979, prepared by Cultural Systems Research, Inc., which was transmitted to you by letter dated March 6, 1979. The addendum report contains the results of additional ethnographic research at Pala, Pauma, and Rincon reservations in San Diego County, California. This addendum provides additional supportive information to our submittal of March 6, 1979 which fulfills the requirements for the ethnographic study as agreed to in our letter to the Nuclear Regulatory Commission, dated November 27, 1978.

Copies of the addendum report were sent directly to the NRC.

If you have any questions regarding this submittal, please contact Dennis Cox on (213) 572-2641.
