U.S. Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region V
1450 Maria Lane, Suite 210
Walnut Creek, CA 94596-5368

Attention: Mr. John B. Martin, Regional Administrator

Dear Sir:

Subject: Docket Nos. 50-206, 50-361 and 50-362
San Onofre Nuclear Generating Station, Units 1, 2 and 3

This letter is to advise you of recent organizational changes made within the Southern California Edison Company. The former Nuclear Engineering and Operations Department headed by Robert Dietch has been reorganized to reflect the following two new Departments:

- o Nuclear Generation Site Department - Harold B. Ray, Vice President and Site Manager
- o Nuclear Engineering, Safety and Licensing Department - Kenneth P. Baskin, Vice President

In addition, the Quality Assurance Organization has been transferred from the Advanced Engineering Department headed by Charles B. McCarthy to the Nuclear Engineering, Safety and Licensing Department.

January 3, 1984

Edison is in the process of preparing appropriate changes to licensing documentation to reflect the above changes and will submit them in the near future.

Sincerely,

Kenneth P. Baskin
Vice President
Nuclear Engineering, Safety and
Licensing
