Director, Office of Nuclear Reactor Regulation  
Attention: D. M. Crutchfield, Chief  
Operating Reactors Branch No. 5  
Division of Licensing  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Gentlemen:

Subject: Docket No. 50-206  
NUREG-0737, Item II.D.1 - Performance Testing  
of Relief and Safety Valves  
San Onofre Nuclear Generating Station  
Unit 1

Reference: Letter, D. M. Crutchfield, NRC, to K. P. Baskin, SCE, NUREG-0737,  
Item II.D.1 - Performance Testing of Relief and Safety Valves,  
December 19, 1983

The referenced letter indicated that you have reviewed our December 2, 1982 and July 13, 1983 submittals relative to the subject TMI Action Plan Item, and based upon that review you requested additional information in an enclosure to the referenced letter. You also requested our response within 60 days of the receipt of the referenced letter.

Based upon our review of the requested information and discussions with the individuals responsible for preparing the information for our response, we have determined that additional time is required. As you may know, San Onofre Unit 1 has been out of service since February, 1982. We are presently involved in extensive efforts with the NRC in order to return to service and the individuals responsible for preparing the requested information are committed to these efforts. Consequently, we intend to

February 22, 1984

provide the requested information after the San Onofre Unit 1 return to service date. We will provide you with a more specific schedule for our response at that time.

If you have any questions regarding the above discussed schedule, please let me know.

Very truly yours,

A handwritten signature in cursive script that reads "RW Krieger". The letters are dark and fluidly connected.

R. W. Krieger  
Supervising Engineer  
San Onofre Unit 1 Licensing
