Dear Mr. DeLaBarre:

Enclosed is an application (PXB180.00) recently received by the U.S. Nuclear Regulatory Commission (NRC), dated November 5, 2013, from Supply Chain Solutions Ltd. DBA Antares USA Ltd., for a specific license to export Am/Be-241, Cs-137, Am-241, Ra-226 for oil and gas exploration to OILSERV Oilfield Services Company in Iraq.

Since Iraq is on the embargoed destinations list (110.28), before taking action on this new request, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the requested export meets the applicable criteria in the Atomic Energy Act of 1954, as amended.

Sincerely,

A handwritten signature in cursive script that reads "Brooke G. Smith".
