

UNITED STATES
NUCLEAR REGULATORY COMMISSION
REGION V

1450 MARIA LANE, SUITE 210
WALNUT CREEK, CALIFORNIA 94596

Docket No. 50-206

June 4, 1991

Mr. Harold B. Ray, Senior Vice President, Nuclear
Southern California Edison Company
Irvine Operations Center
23 Parker Street
Irvine, California 92718

Dear Mr. Ray:

The NRC has received an allegation regarding activities at your San Onofre Nuclear Generating Station. The details of this information are included in the enclosure to this letter. After reviewing the allegation, and after obtaining the alleged's consent to do so, we have determined that it is appropriate to refer the matter to you for your response. It is our understanding that the first of the enclosed concerns was addressed pursuant to your grievance process, and that your management is therefore aware of the issues involved.

Please evaluate the enclosed concerns and advise us of your conclusions. You are requested to enclose with your response a copy of any investigation reports you have regarding the circumstances of this matter. If either of the concerns is substantiated, your response should state your company's policy regarding the issue and address any proposed corrective actions you consider to be appropriate. Your response should also include an evaluation of whether the second concern, if validated, would constitute a violation of 10 CFR 50.7(f). Please respond within 30 days of the date of this letter.

The enclosure to this letter should be controlled, with distribution limited to persons who have a need to know. The enclosure to this letter is being withheld from public disclosure in accordance with the provisions of 10 CFR 2.790. If your response contains any private or privileged information that you believe should be withheld from public disclosure, please provide that information in an appropriately marked enclosure to your letter. In addition, if you provide any information which you believe is proprietary, please provide the affidavit required by 10 CFR 2.790.

If you have any questions concerning this request, please contact Mr. P. Johnson at (415) 975-0300.

Sincerely,

R. P. Zimmerman

R. P. Zimmerman, Director
Division of Reactor Safety
and Projects
