Dennis Palmieri, Alternate RSO, Senior Health Physicist	University of Michigan (U of MI)	734-764-9182

SUBJECT

Letter from U of MI to NRC dated 11/8/13

SUMMARY

Question: We interpret the subject letter to state that U of MI disputes the violation of 10 CFR 30.36(d) and does not dispute any of the other violations referenced in the letter. Is our interpretation correct?

Answer: No. U of MI does not dispute any of the violations referenced in the subject letter. Verbiage in the letter regarding the violation of 10 CFR 30.36(d) was intended to simply explain why U of MI did what it did that resulted in the violation. In addition, verbiage in the letter referencing a narrow interpretation of 10 CFR 30.36(d) was just a suggestion to the NRC to have a less narrow interpretation of 10 CFR 30.36(d).
