RE: Specific License #47-23091-02

03037140

To Whom It May Concern:

On July 18, 2013 an application for a Renewal in Entirety for Specific License #47-23091-02 was submitted by e-mail to Dr. Sattar Lodhi for approval. At this time our parent corporation Alpha Natural Resources is conducting a Legal Entity Rationalization of all corporate entities. We have been advised by our ANR Legal Team to request the termination of our application for renewal and retain this license as written previous to the request dated July 18, 2013. We will be submitting a new application in the future for renewal that will be consistent with the changes in our corporate structure.

Please contact William G. Newsome with any questions or request concerning these changes. I can be reached at (606) 831-1598 or by email at wnewsome@alphanr.com.

Sincerely,

William G. Newsome
Corporate RSO, Alpha Natural Resources
