Universal Product Concepts, Inc.  
13980 Mountain Avenue  
Chino, CA 91710

SUBJECT: UNIVERSAL PRODUCT CONCEPTS, INC. REQUEST FOR ADDITIONAL  
INFORMATION CONCERNING TERMINATION OF THE LICENSE

Dear Mr. Kazi:

This letter refers to the license termination request sent to us by Mr. John Ma on October 17, 2013, through email. In order to continue our review, we need the following additional information.

Title 10, *Code of Federal Regulations*, Chapter 32 (10 CFR 32), section 32.16 requires each person licensed under § 32.14 to maintain records of transfer of byproduct material and file a report with the Director of the Office of Federal and State Materials and Environmental Management Programs by an appropriate method listed in § 30.6(a), including in the address: ATTN: Document Control Desk/Exempt Distribution.

Section 32.16 requires licensees who permanently discontinue activities authorized by the license issued under § 32.14 to file a report for the current calendar year within 30 days after ceasing distribution. Section 32.16(d) states that If no transfers of byproduct material have been made under § 32.14 during the reporting period, the report must so indicate.

Please provide the report required by 10 CFR 32.16. To facilitate the processing of your termination request, please send a copy of your report directly to me at the following address:

U.S. Nuclear Regulatory Commission  
Attn: Shirley Xu  
Mail Stop T-8-E-24  
11545 Rockville Pike  
Rockville, MD 20852

We will continue our review upon receipt of this information. If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.

In accordance with 10 CFR 2.390 of NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in NRC's Public Document Room or from the Publicly Available Records (PARS) component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
