Gentlemen:

Subject: SEP Topic III-1
Quality Group Classification of Components and Systems
San Onofre Nuclear Generating Station
Unit 1

By letter dated March 30, 1989, Southern California Edison (SCE) informed the NRC that the final results associated with close-out of SEP Topic III-1 would be submitted by April 30, 1989.

During SCE's in-house review of the draft report, additional information was discovered which should be incorporated into the report. To incorporate this information, a revision to the draft is being processed.

It is expected that the final report will be submitted to the NRC by June 1, 1989.

If you have any questions, please call me.

Very truly yours,

cc: J. B. Martin, Regional Administrator, NRC Region V
