Dear Ms. V. Van Cleave:

Subject: Docket Nos. 50-206, 50-361 and 50-362

By letters dated May 22, 1989, the NRC requested that Southern California Edison determine whether or not electrical components and/or parts had been purchased from Planned Maintenance Systems, Inc. (PMS) of Mount Vernon, Illinois, for use at San Onofre Unit 1, 2 or 3 from July 1, 1985 to the present. SCE has performed a detailed search of procurement records and determined that SCE has not purchased any electrical parts or components from PMS, Inc.

Very truly yours,
