Attention : MR. Harold B. Ray, Vice President
Nuclear Engineering, Safety and Licensing Department

Gentlemen:

This letter is to acknowledge the receipt of your September 5, 1989 correspondence, from Mr. K. Bellis, which transmitted the scenario for the 1989 San Onofre Nuclear Generating Station Annual Emergency Preparedness Exercise.

We have reviewed your scenario and concluded that it appears to be appropriate to allow you to meet the previously agreed to objectives transmitted by your June 2, 1989 letter. In addition, we have contacted FEMA regarding the scenario and they indicated they have transmitted their comments in a separate correspondence.

Sincerely,

Original signed
