Gentlemen:

Subject: Docket Nos. 50-206, 50-361, and 50-362
Nuclear Organization Changes
San Onofre Nuclear Generating Station
Units 1, 2, and 3

Effective June 1, 1990, Mr. Harold B. Ray, Vice President for Nuclear Engineering, Safety, and Licensing (NES&L) became a Senior Vice President of Southern California Edison (SCE) Company. Both the Nuclear Engineering, Safety, and Licensing Department and the Nuclear Generating Site (NGS) Department will report to Mr. Ray as illustrated in the accompanying organization chart. As shown, Mr. Ray retains direct management responsibility for the NES&L Department.

In addition, Mr. H. E. Morgan was named Vice President and Site Manager for the NGS Department. Mr. Robert H. Bridenbecker has resumed his previous position as Vice President of the Customer Service Department. These officer changes are part of the overall SCE organizational changes made in anticipation of Executive Vice President David J. Fogarty's retirement on December 1, 1990.

If you have any questions regarding the changes, please call me.

Very truly yours,

Enclosure
