Attention: Dr. L. T. Papay, Vice President
Advanced Engineering

Gentlemen:

Subject: NRC Inspection of San Onofre Units 2 and 3

This refers to the inspection conducted by Messrs. J. H. Eckhardt and J. O. Elin of this office on April 28-May 1, 1980 of activities authorized by NRC Construction Permit Nos. CPPR-97 and 98, and to the discussion of their findings held by Mr. Eckhardt with Mr. P. A. Croy and other members of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you believe to be proprietary, it is necessary that you submit a written application to this office, within (30) days of the date of this letter, requesting that such information be withheld from public disclosure. The application must include a full statement of the reasons why it claimed that the information is proprietary. The application should be prepared so that any proprietary information identified is contained in an enclosure to the application, since the application without the enclosure will also be placed in the Public Document Room. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
