Docket No. 50-206-80-01

Southern California Edison Company
P. O. Box 800
2244 Walnut Grove Avenue
Rosemead, California 91770

Attention: Dr. L. T. Papay, Vice President
Advanced Engineering

Gentlemen:

Subject: NRC Inspection - San Onofre Unit 1

This letter refers to the inspection of your activities authorized under NRC License No. DPR-13 conducted by Messrs. D. W. Schaefer, M. D. Schuster and E. J. Power of this office on January 7-11, 1980. It also refers to the discussion of our inspection findings held by the inspectors with Mr. J. M. Curran and members of his staff on January 11, 1980.

The inspection included examination of activities related to physical protection against industrial sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials," your security plan, and license conditions pertaining to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility personnel and observations by the inspectors.

Based on the results of this inspection, it appears that certain of your activities were not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. The items of noncompliance are categorized into the level as described in our correspondence to all licensees dated December 31, 1974.

This notice is sent to you pursuant to the provisions of Section 2.201 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations. Section 2.201 requires you to submit to this office within 20 days of your receipt of this notice, a written statement of explanation in reply, including: (1) steps which have been or will be taken by you to correct the violations, and the results achieved; (2) steps which will be taken to avoid further violations; and (3) the date when full compliance will be achieved.

8003120182 Q

FEB 12 1980

As noted in the attached inspection report, during the inspection the inspectors examined the steps you immediately took to correct one of the findings and the steps taken to avoid further noncompliance. No further response to Item Two as noted in Appendix A will be required.

During this inspection certain commitments were made by you. These commitments are stated in Paragraph 19 of the report. If our understanding is incorrect, please contact this office immediately.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, documentation of findings of your control and accounting procedures for safeguarding special nuclear materials and your facility security procedures are exempt from disclosure; therefore, Appendix A and the inspection report and your response to the items listed in Appendix A will not be placed in the Public Document Room and will receive limited distribution.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

L. R. Norderhaug, Chief
Safeguards Branch
