Docket No. 50-206

Southern California Edison Company
2244 Walnut Grove Avenue
Rosemead, California 91770

Attention: Mr. Kenneth B. Baskin, Vice President
Nuclear Engineering, Safety and Licensing Department

Gentlemen:

Subject: NRC Inspection San Onofre Unit 1

This refers to the special inspection conducted by Mr. C. Sherman of this office on January 28-31, 1985, of activities authorized by NRC License No. DPR-13 and to the discussion of our findings held by Mr. Sherman with Mr. Haynes on January 31, 1985 and other members of your staff at the conclusion of the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No violations with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room.
