Dear Mr. Baskin:

SUBJECT: OFFSITE DOSE CALCULATION MANUAL

Re: San Onofre Nuclear Generating Station, Unit 1

By letter dated December 12, 1983, you submitted the Offsite Dose Calculation Manual for San Onofre Unit 1. By letter dated April 16, 1984, the NRC issued a letter which concluded that this document was generally acceptable but that a few discrepancies identified in our review should be corrected.

Your letter of August 1, 1984 responded to this request and provided updated pages of the ODCM. Based on our review of these documents and on discussions with your representatives in which some additional minor changes were agreed to, the staff approves the San Onofre 1 ODCM for implementation. The corrections noted above should be included with the next ODCM update.

Sincerely,
