Attention: Mr. D. F. Kirsch, Acting Director
Division of Reactor Safety and Projects

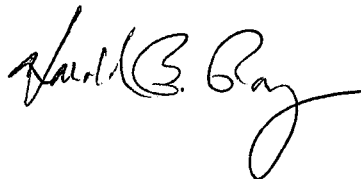

Subject: Enforcement Conference

Dear Mr. Kirsch:

Your letter dated October 21, 1985, confirms our conversation concerning an enforcement conference to be held at your offices on October 25, 1985. Upon further consideration, I have concluded that Southern California Edison could more effectively respond to your concerns if the conference could be scheduled so that the Station Maintenance Manager could attend.

Accordingly, based on a telephone conversation with Mr. Phil Johnson on October 22, I understand the conference will be rescheduled to occur at the same time and place on October 30. Thank you for your consideration in this matter.

Sincerely,

cc: L. T. Papay
